In re Application :
Levy :
Application No. 10/563,207 : PATENT TERM ADJUSTMENT
Filing or 371(c) Date: April 19, 2006 :
Dkt. No.: 3165-140 :

This is in response to the "PETITION TO CORRECT PATENT TERM ADJUSTMENT UNDER," filed March 1, 2010. This matter is being properly treated under 37 CFR 1.705(b).

The request for reconsideration of patent term adjustment is **GRANTED**.

Applicant submits that the correct patent term adjustment to be indicated on the patent is 285 days, not 213 days as calculated by the Office as of the mailing of the initial determination of patent term adjustment mailed February 17, 2010. Applicants contest the adjustment of 207 days under 37 CFR 1.702(a)(1) and assert that the correct period of adjustment in this regard is 279 days.

A review of the record reveals that the instant application fulfilled the requirements of 35 USC 371 on April 19, 2006, the date the last of the requirements under 35 USC 371(c) were met by submission of a declaration. Accordingly, the period of adjustment pursuant to 37 CFR 1.703(a)(1) commenced June 20, 2007, the day after the date that is 14 months after the date that the application fulfilled the requirements of 35 USC 371, and ended March 24, 2008, the date that the non-final Office action was mailed, or 279 days.

In view thereof, as of the time of allowance, the application is entitled to a patent term adjustment of 285 days, as argued, (302 days of adjustment pursuant to 37 CFR 1.702 less 17 days of reduction pursuant to 37 CFR 1.704).

The \$200.00 patent term adjustment application required per 37 CFR 1.18(e) has been charged to the authorized deposit account.

The application file is being forwarded to the Office of Data Management for issuance of the patent. The patent term adjustment indicated on the patent (as shown on the Issue Notification mailed about three weeks prior to patent issuance) will include any additional adjustment accrued both for Office delay in issuing the patent more than four months after payment of the

issue fee and satisfaction of all outstanding requirements, and for the Office taking in excess of three years to issue the patent (to the extent that the three-year period does not overlap with periods already accorded).

Telephone inquiries specific to this decision should be directed to the undersigned at (571) 272-3205.
